oracle window (no detection)
77.9
detector v0 (first movement)
67.7
learned, physics features
71.7
learned, physics + context
74.6
learned, feature set nested
74.6
hand model on detector windows
73.7
learned, robust (production detector)
73.4
learned, grip-normalised
68.5
production (calibrator nested)
72.8
production detector, zero-phase activity (uncal.)
74.2
production detector, causal low-pass (uncal.)
71.7
production detector + return head (uncal.)
75.9
oracle window, chiral16
79.6
production detector, chiral16 (uncal.)
74.9
